## Flow Sofa

# Flow Sofa

---

A unique, sculptural sofa, Flow adds an element of art to its surrounds. Generous seats and a low profile provide a stylish lounging experience that pays a nod to the 1950s sport and race cars that inspired its design.

— Designed by Chris Connell, Melbourne, 2004

## Materials and characteristics

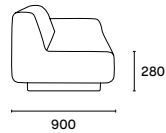

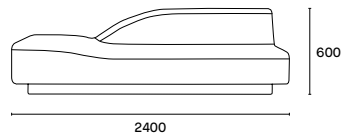

Flow Sofa is comprised of a plywood frame with a fixed foam back and seat.

Available fully upholstered in stretch fabric, non-stretch fabric or leather in a variety of colours from the Schiavello ColourLab palette.

## Shape options

Flow's dramatic and graceful design is available in a left-hand or right-hand unit. Able to be upholstered in a selection of premium fabrics and leathers, the sofa can take on a number of aesthetics and personas.
