# TONY SCHIABELLO

Tony Schiavello is the Founder, Governing Director and Executive Chairman of Schiavello Group. A furniture maker by trade, he migrated to Australia from Italy in the 1950s, bringing with him the tenacity and can-do attitude that drove him to set up a business providing interior fitouts and the supply and install of partitions to Australian businesses.

He possesses an inimitable passion for quality in everything he does, evidenced in the longevity of Schiavello products and the level of service that accompanies them. The mind behind Schiavello classics such as the Marina and Alto collections, Tony has an aptness for developing furniture that is not only aesthetically pleasing, but also forward thinking.

In the 50-plus years since the company's founding, Tony has continued to build an international business driven by the principles of innovation, quality and service excellence.

With generous proportions and an elegant sensibility, Mena is a timeless addition to the office, lobby, hotel or home.

Mena's wide profile includes a pillowy 800x600mm seat, inviting you to relax and recline in comfort. The sofa's structured body is further softened by a cushioned aesthetic and curved edges, resulting in a refined, formal elegance – an ideal statement piece. Meanwhile, the loose seat and back

cushions feature a soft foam insert encased by a double feather wrap, providing resilience to wear along with effortless warmth and comfort. Mena's presence is distinguished not only by its luxurious deep seats, but also its large surrounding structure and gentle, embracing arms.

# ColourLab

Schiavello's innovative ColourLab brings a considered and cohesive palette of finishes to working and living spaces. Curated by Giulio Ridolfo and developed by Schiavello, the palette beautifully balances colour, texture and layering across a variety of materials.

## Ecology and sustainability

Schiavello's most important commitment to sustainability is the company-wide Environmental Management System under ISO 14001. The environmental design principles realised means we design for the environment, focusing on efficient energy use and minimum emissions, longevity and durability, re-use and recycling of our products.

Our principles of ME WE (Materials, Energy, Waste Emissions) give us a simple way to think about how our operations impact the environment.

Printed on an Australian made paper stock that is PEFC Certified and made from elemental chlorine-free bleached pulp sourced from sustainably managed forests and non-controversial sources. It is manufactured by an ISO 14001 certified mill using renewable energy sources.

## About Schiavello

Schiavello is a multi-disciplinary company dedicated to developing intelligent, inspiring, ecological and resilient solutions for the office, the home and public spaces.

Schiavello's concepts and products are developed in Australia by applying a design process that brings together the company's core design principles and engineering with the creativity of local and international designers.

The Schiavello head office and world-class manufacturing facilities are integral to our continually developing rich tapestry of knowledge. This knowledge ultimately assists us in informing the right solutions and tools for each organisation's needs and people, allowing us to consistently achieve our philosophy that 'Anything is possible'.
